# User's Guide to the Township of Southgate Zoning By-law

## Purpose of a Zoning By-law

A comprehensive zoning by-law is a precise legal document used by a municipality to regulate the use of land and the buildings upon it. It states exactly what type of land uses are **permitted** in a specific area or **zone** and provides the requirements or **regulations** that apply to such land.

Under Ontario's Planning Act, local municipalities can establish zoning by-laws to control the use of land and future development of their community. Zoning By-laws also protect property owners from the development of conflicting land uses. As such, any use of land or the construction or use of any building or structure not in compliance with the local Zoning By-law is prohibited. The Township of Southgate Zoning By-law is also needed to help the community implement the goals and objectives of the Township of Southgate Official Plan, which was adopted by Council on February 15, 2006 and approved by the County of Grey on August 10, 2006.

## How to Use the By-law

For each **zone** there is a list of **permitted uses** and a number of **regulations** such as lot size, frontage, and required yards. The location of each of the zones is shown on the Zone Maps in Schedule "A" found at the end of this By-law. The specific uses and regulations applicable to each zone are found in the relevant section(s) of the Zoning By-law, which bears the same zone name(s).

To determine the provisions of the Zoning By-law that affect your property, follow these steps:

1. Locate your property on one of the **Zone Maps** to find the applicable **zone(s)** that apply to your property [e.g. Residential (R1) Zone].
2. Once you have identified the **zone(s)**, turn to the Table of Contents within the text of the By-law and locate the applicable zone provisions (For example, the R1 Zone is found under Section 8.). Then go to the appropriate page in the By-law to determine the **permitted uses** and specific **regulations** that relate to that zone.
3. Review the **general provisions** (e.g. parking, accessory uses, etc.) contained under Section 5. The provisions contained in Section 5 apply to all land within the municipality and many will affect your property.
4. Section 3 – **Definitions** are useful when trying to understanding the meaning of terminology used throughout the Zoning By-law.

Should you have difficulty reading the Zone Maps or understanding the text of this document, contact the Township Office at (519) 923-2110 for assistance.

# **Zoning By-law 19-2002 of the Corporation of the Township of Southgate**

**Being a by-law** prohibiting the use of land for or except for such purposes as set out in this By-law; prohibiting the erection or use of buildings or structures for or except for such purposes as may be set out in this By-law; prohibiting the erection of any class or classes of buildings or structures on land that is subject to flooding or on land where development is unsuitable; regulating the height, bulk, location, size, floor area, spacing, and use of buildings or structures, the minimum frontage and depth of a parcel of land and the proportion of its area that any building or structure may occupy; requiring the owners or occupants of buildings, structures or uses to provide and maintain loading or parking facilities; and for prohibiting the making or establishing of pits and quarries within defined areas of the Township of Southgate.

**Whereas** authority is granted under Section 34, 36 and 39 of The Planning Act, R.S.O. 1990 as amended to pass this By-law;

**Whereas** the Municipal Council of the Corporation of the Township of Southgate considers it advisable to restrict, prohibit and regulate the use of land situated within the defined areas, as hereinafter designated, for the purpose of preventing any further development creating an adverse effect on the Corporation; and to prevent the use of lands that would jeopardize future orderly development and expansion; and to protect the natural environment.

**Now therefore the Council of the Corporation of the Township of Southgate enacts as follows:**

## **Section 1: General**

### **1.1 Title**

This By-law shall be cited as "The Zoning By-law of the Corporation of the Township of Southgate".

### **1.2 Components**

This By-law consists of all textual components and schedules contained herein.

### **1.3 Application**

The provisions of this By-law shall apply to all lands within the boundaries of the Corporation of the Township of Southgate.

### **1.4 Scope**

No lands shall be used, and no buildings or structures erected, altered, enlarged, or used within the Township of Southgate, except in conformity with the provisions of this By-law. Uses not listed as permitted or otherwise provided for in this By-law shall be prohibited.

### **1.5 Repeal of Existing By-laws**

From the date of the coming into force of this By-law, all previous By-laws passed under Section 34, 36 and 39 of The Planning Act R.S.O. 1990 as amended or predecessor thereof shall be deemed to have been repealed. All previous By-laws including those By-laws passed under Section 34 of the Planning Act R.S.O. 1990 as amended or predecessor within the former Village of Dundalk, former Township of Proton and former Township of Egremont.

### **1.6 Validity**

Every provision of this By-law is declared to be severable from the remainder of the By-law and, if any provision of this By-law shall be declared invalid by a court of competent jurisdiction, such declaration shall not affect the validity of the remainder thereof.

### **1.7 Non-Conforming Uses**

Nothing in this By-law shall prevent the use of any land, building or structure for any purpose prohibited by the by-law if such land, building or structure was lawfully used for such purpose on the day of the passing of the By-law, so long as it continues to be used for that same purpose.

### **1.8 Effective Date**

This By-law shall come into force and take effect on the day it is passed by Council subject to any approval necessary pursuant to The Planning Act R.S.O. 1990 as amended.

## **Section 2: Administration and Interpretation**

### **2.1 Responsibility**

The responsibility of administering this By-law shall be vested in the By-law Enforcement Officer for the Township of Southgate or such other administrative official of the Township of Southgate as the Council shall designate from time to time.

### **2.2 Inspection of Property and Premises**

The By-law Enforcement Officer or any designated employee of the Township of Southgate acting under his direction may, at any reasonable hour and upon producing proper identification, enter and inspect any property but shall not enter any building or structure used as a dwelling unit without:

- (a) the consent of the occupier, or
- (b) the authority of a Search Warrant issued pursuant to the provisions of The Provincial Offenses Act, R.S.O. 1990 as amended.

### **2.3 Licenses and Permits**

- (a) In addition to fulfilling the requirements of this By-law, no person shall commence to erect, alter or repair any building or structure without first obtaining building permit from the Municipality, where necessary.
- (b) No municipal permit or license shall be issued where said permit is required for a proposed use of land or the proposed erection, alteration, enlargement, or use of any building or structure that is in violation of any provision of this By-law.
- (c) In all zones, any building or structure which is moved from one location to another, whether within the zone or from one zone to another, or from any location beyond the boundary of the Municipality, into any zone, shall be considered as being a new building or structure and shall comply with the provisions of this By-law.

### **2.4 Violations, Penalties, and Remedies**

- (a) Pursuant to the provisions of Section 67 of The Planning Act R.S.O. 1990 as amended, any person who breaches any provision of this By-law is guilty of an offence and, on conviction, is liable:
  - (i) On a first conviction to a fine of not more than \$25,000.00; and
  - (ii) On a subsequent conviction, to a fine of not more than \$10,000.00 for each day, or part thereof, upon which the

contravention has continued after the day on which he was convicted.

- (b) Where a Corporation breaches any provision of this By-law and is found guilty of an offence on conviction, is liable:
  - (i) On a first conviction, a fine of not more than \$50,000.00; and
  - (ii) On a subsequent conviction, a fine of not more than \$25,000.00 for each day or part thereof upon which the contravention has continued after the day on which the Corporation was first convicted.

Where a conviction is entered, in addition to any other remedy or any penalty provided by law, the court in which the conviction has been entered, and any court of competent jurisdiction, thereafter, may make an order prohibiting the continuation or repetition of the offence by the person and/or Corporation convicted.

## **2.5 Application for Permits**

- (a) Every application for a permit to use lands, or to erect, alter, enlarge, or use any buildings or structures shall be accompanied by plans drawn to scale, showing:
  - (i) the actual shape and dimensions of the lot to be used or upon which it is proposed to erect, alter, enlarge, or use buildings or structures;
  - (ii) the proposed location, height, and dimensions of the buildings or structures in respect of which the permit is applied for;
  - (iii) the location of every building or structure already erected on or partly on such lots;
  - (iv) the location of proposed parking spaces, loading spaces, driveways, and landscaping areas;
  - (v) the location of any landscaping, curbing, drainage, retaining walls and other physical additions to the site; and
  - (vi) such other information as the By-law Enforcement Officer considers necessary to determine whether every such building, structure, or work conforms with the requirements of this By-law.
- (b) The application shall be accompanied by a statement by the owner or his duly authorized agent specifying the use to which the lands are intended or the use to which the buildings or structures to be erected,

altered or enlarged are intended to determine if such use conforms with the requirements of this By-law.

- (c) The lot and the location of every building or structure to be erected thereon is to be staked out on the grounds before construction is commenced.
- (d) The lack of a survey, or a mistake or an error or omission by any person required to comply with the provisions of this By-law does not relieve that person from liability for failure to comply with the provisions of this By-law.
- (e) The By-law Enforcement Officer may require that any plans accompanying an application be prepared by an Ontario Land Surveyor, Professional Engineer, or Architect where, in the Officer's opinion, such plans are necessary to determine the exact extent to which a variance or amendment is required.

## **2.6 Relationship with Other By-laws**

Nothing in this By-law shall operate to relieve any person from the requirements of the Building Code or any By-law or requirements of the Municipality in force from time to time, or the obligation to obtain any license, permit, authority, or approval required under any By-law of the Municipality or other government authority. Any use established in violation of a predecessor of this By-law will be deemed to have been established unlawfully.

## **2.7 General Interpretation and Application**

- (a) In their interpretation and application, the provisions of this By-law shall be held to be the minimum requirements adopted for the promotion of the public health, safety, convenience, or general welfare. Whenever the requirements of this By-law are at variance with the requirements of any other By-law, the most restrictive, or the By-law imposing the higher standards shall govern and apply. Nothing in this By-law shall be construed to exempt any person from complying with the requirements of any By-law of the Municipality or the Corporation of the County of Grey or from any law of the Province of Ontario or of Canada, or any regulations under the provisions of the Conservation Authorities Act, R.S.O. 1990.
- (b) In this By-law the word "shall" is mandatory and directory; words used in the present tense include the future; words in the singular number include the plural and words in the plural include the singular number. Words imparting the masculine gender shall include the feminine and the converse.

## **2.8 Holding (H) Symbol**

By the use of the Symbol H following any of the Zone Classification, it is intended to specify the use to which land, buildings or structures may be put at such time as the necessary approvals for development are received, and the H Symbol is removed by amendment to this by-law. When the Holding (H) Symbol is removed as per Section 36 of the Planning Act R.S.O. 1990, all of the General Provisions and provisions of the remaining Zone classification shall apply. Conditions of removal of Holding (H) Symbol have been outlined in Section 5 - General Provisions or Section 33 - Exceptions.

## **2.9 Temporary Use Provisions**

Certain lands identified by Section 33, Exceptions are subject to temporary use provisions of Section 39 of the Planning Act R.S.O. 1990.

## **2.10 Environmental Protection Zone**

The Environmental Protection (EP) Zone boundaries identified on the schedules to this By-law are intended to generally identify the location of potentially hazardous environmental features. During review of development applications and building permit applications, if necessary, the boundaries of the Environmental Protection (EP) Zone shall be more precisely determined in consultation with the Conservation Authority or other agencies having jurisdiction in the area. Where detailed resource mapping and/or site inspection occurs, this may result in a minor re-interpretation of the limits of the Environmental Protection (EP) Zone boundary. Additionally, a technical evaluation, approved by the Conservation Authority may be used to further delineate the limits of the Environmental Protection (EP) Zone.

## Section 3: Definitions

### General

(a) For the purposes of this By-law, the definitions and interpretations given in this Section shall govern.

(b) The definitions contained in this Section include definitions of uses which are not permitted uses within this By-law. The uses which have been defined, but not permitted, are uses which may be contemplated in the future, however, it is not implied that they will be permitted.

**"Abattoir"** means a building or structure specifically designed to accommodate the penning and slaughtering of live animals and the preliminary processing of animal carcasses as per The Meat Inspection Act (Ontario), R.S.O. 1990, Chapter M.5 and may include the packing, treating, storing, and sale of the product on the premises.

**"Accessory Building or Structure"** means:

(a) detached building or structure above ground or below ground not used for human habitation, the use of which is naturally and normally incidental to, subordinate to, and exclusively devoted to a principal use or building and located on the same lot therewith, and

(b) includes, amongst others, a detached private garage or a detached carport.

**"Accessory Use"** means a use naturally and normally incidental to, subordinate to and exclusively devoted to a principal use and located on the same lot therewith.

**"Additional Residential Unit"** shall mean a Dwelling Unit as defined in this By-law located on the same lot as an existing single detached, semi-detached or townhouse dwelling on its own lot, available only for long term rental by tenants where municipal water and sewer service is connected for use in the Dwelling Unit, or where private well and private sewage disposal services are provided to a single detached dwelling shall be a Dwelling Unit available only for long term rental purposes located on the same lot as a primary single detached dwelling."

**"Agricultural Bulk Sales Establishment"** shall mean the use of land and/or buildings or structures for the purpose of supply of goods, materials or services that are necessary to support agricultural uses as defined by this By-law. These fertilizer and chemical products, farm machinery and equipment sales and service, and animal and poultry health and breeding services.

**"Agricultural Use"** means:

(a) a use of land, building or structure for the purpose of animal husbandry, horticulture, bee-keeping, dairying, fallow, and/or forestry and shall include market gardening, fruit farming, field crops, pasturage, aquaculture and poultry-keeping or any other farming use; and

(b) includes:

- i) the growing, raising, packing, treating, storing and sale of produce produced on the premises and other similar uses customarily carried on in the field of general agriculture,
- ii) the erection and use of greenhouses.

**"Agricultural Processing Establishment"** shall mean the use of land and/or buildings or structures for the processing of products derived from grain. These

shall include such products as seed, grain, feed and forage processing storage and transport.

**"Airport"** means the use of land licensed by Transport Canada for the landing and take-off of commercial and/or private aircraft and shall include any buildings or structures accessory thereto.

**"Aerodrome"** means any area of land, water, (including a frozen surface thereof) or other supporting surface used or designed, prepared, equipped, or set apart for use, either in whole or in part, for the arrival or departure, movement, or servicing of aircraft and includes any buildings, installations, and equipment in connection therewith.

**"Alter"** when used in reference to a building or part thereof, means to change any one or more of the external dimensions of such building or to change the type of construction of the exterior walls or roof thereof. When used in reference to a lot, the word "alter" means to decrease the width, depth, or area of any required yard, setback, or boundary of such lot with respect to a street or land, whether such alteration is made by conveyance or alienation of any portion of said lot or otherwise. The words "altered" and "alteration" shall have a corresponding meaning.

**"Animal Husbandry"** a branch of agriculture concerned with the production and care of domestic animals.

**"Arena"** means a building or structure used for indoor sporting or community activities.

**"Assembly Hall"** means a building, or part of a building, in which facilities are provided for such purposes as meetings for civic, educational, political, religious or social purposes and may include a banquet hall, private club or fraternal organization.

## **Section 4: Zones**

### **4.1 Incorporation of Zoning Maps**

The location and boundaries of the Zones established by this By-law are shown on Schedules 1 to 48. Schedules 1 to 48, and all notations thereon, are hereby declared to form part of this By-law.

### **4.2 Interpretation of Schedules**

Where any Zone Boundary is uncertain, then the boundary shall be determined from the Master Schedules contained in the office of the By-law Enforcement Officer or the Township of Southgate Municipal Offices.

### **4.3 Zone Boundaries**

When determining the boundary of any Zone as shown on any Schedule forming part of this By-law, the following provisions shall apply:

- (a) A boundary indicated as following a highway, street, lane, or right-of-way shall be the centre line of such highway, street lane, or right-of-way.
- (b) A boundary indicated as following a watercourse, creek, stream, or the right-of-way of a railway, or electric, gas or oil transmission line shall be the centre line of such watercourse, creek, stream, or right-of-way.
- (c) A boundary indicated as approximately following lot lines shown on a registered plan of subdivision or municipal boundary lines shall follow such lot lines.
- (d) Where a boundary is indicated as approximately parallel to a street line or other feature indicated in Clauses i) or ii) of this Subsection, and the distance from such street line or other feature is not indicated, and Clause (iii) is not applicable, such boundary shall be construed as being parallel to such street line or other feature, and the distance there from shall be determined according to the scale shown on the Schedule map.
- (e) The Township boundary shall serve as a Zone Boundary for all Zones extending to the limits of the Township of Southgate.

### **4.4 Road Closures**

In the event a dedicated street or lane shown on any Schedule forming part of this By-law is closed the property formerly in such street or lane shall be included within the Zone of the adjoining property on either side of such closed street or lane. If a closed street or lane is the boundary between two

or more different Zones, the new Zone boundaries shall be the former centre line of the closed street or lane.

#### **4.5 Establishment of Zones**

For the purpose of this By-law, the Township of Southgate is divided into the following Zones:

#### **4.7 Application of Zones**

No person within any Zones defined in this By-law and delineated on the Zoning Maps appended hereto shall erect, alter, enlarge, or use any building

or structure, or use any land in whole or in part, except in conformity with the provisions of the applicable Zone.

#### **4.8 Discrepancies**

In the event that there is a discrepancy between a regulation in the "General Provisions" and the specific "Zone" sections of this By-law, the most restrictive provisions shall apply.

#### **4.9 Notes on Schedules**

Additional "Notes" have been included on the Schedules for reference and convenience purposes only. This information is subject to change without an amendment to this By-law and is limited to the following:

- (i) Municipal Road Classifications; and
- (ii) Delineation of Saugeen Valley Conservation Authority Regulated Area (Ontario Regulation 169/06) and/or delineation of the Grand River Conservation Authority Regulated Area (Ontario Regulation 150/06).

Please consult with the Municipality for information regarding Municipal Road Classifications and with the applicable Conservation Authority for information regarding the Regulated Area(s).

## **Section 5: General Provisions**

### **5.1 Accessory Uses**

#### **(a) Permitted Uses**

Where this By-law provides that land may be used, or a building or structure may be erected or used for a purpose, that purpose shall include any accessory building, structure, or use but shall not include any of the following:

- (i) a home occupation,
- (ii) any building used for human habitation, except where specifically permitted in this By-law,
- (iii) the open storage of goods or materials, except where specifically permitted in this By-law,
- (iv) exceeds 5% of the lot coverage,
- (v) is considered an accessory structure or building if attached to the main building in any way,
- (vi) be erected prior to the main building except as permitted in Section 5.20(b) of this By-law,
- (vii) a building or structure if located entirely underground,
- (viii) exceeds 7 m in Height.

#### **(b) Location**

Except as otherwise provided herein, any accessory building or structure which is not part of the main building shall be erected in the rear or the side yard in which such accessory building or structure is situated.

#### **(c) Accessory Structures**

Notwithstanding the yard and setback provisions of this By-law to the contrary, awnings, clothes poles, flag poles, garden trellises, retaining walls, permitted signs, or similar uses shall be permitted in any required yard or in the area between the street line and the required setback.

**(d) Garages**

Notwithstanding any other provisions of this By-law to the contrary, detached private garage shall be permitted to be erected and used in an interior side or rear yard, provided that:

- (i) when such garage is located in an interior side yard, it shall not be closer than 1 metre to the interior side lot line, except where a common or mutual detached garage is erected simultaneously on both sides of the lot line, as one building, in which case, no interior side yard to the accessory building is required,
- (ii) when such garage is located in a rear yard, it shall not be closer than 2 metres to an interior side lot line and a rear lot line, except where a common or mutual detached garage is erected simultaneously on both sides of the lot line as one building, in which case, no rear yard or interior side yard to the accessory building is required with respect to the common or dividing wall of said building, and
- (iii) all such garages, whether located in a rear yard or side yard, shall comply with the setback provisions applicable to the principal or main building on the lot where such rear or side yard abuts a public street.

**(e) Other Accessory Buildings or Structures**

Notwithstanding any other provisions of this By-law to the contrary, an accessory building or structure other than a private garage shall be permitted to be erected and used in an interior side yard or rear yard, provided that:

- (i) when such accessory building or structure is located in an interior side yard or a rear yard and such building or structure does not exceed 14 square metres in area, it shall be located no closer than 1 metre to the interior side lot line or rear lot line;
- (ii) when such accessory building or structure is located in an interior side yard or rear yard and such building or structure exceeds 14 square metres in area, it shall be located no closer than 7 metres to the interior side lot line or rear lot line; and
- (iii) all such accessory buildings or structures, whether located in a rear yard or side yard, shall comply with the setback provisions applicable to the principal or main building on the lot where such rear or side yard abuts a public street.

**(f) Boat House, Boat Lift, or Dock**

Notwithstanding the yard and setback provisions of this By-law to the contrary, a boat house, boat lift, or dock for pleasure boats may be erected and used in the rear yard of a lot backing on a navigable waterway, provided such accessory buildings or structures are located no closer than 2 metres to the side lot line, and the documented approval of the appropriate Conservation Authority having jurisdiction has been obtained.

**(g) Ornamental Structures**

Notwithstanding the yard and setback provisions of this By-law to the contrary, sills, chimneys, cornices, eaves, gutters, parapets, pilasters, or other ornamental structures shall be permitted to project into any required d or the area between the street line and the required setback, a maximum distance of 0.5 metres.

**h) Unenclosed Porches, Balconies, Steps, or Patios**

Notwithstanding the yard and setback provisions of this By-law to the contrary, unenclosed porches, balconies, steps, and patios, shall be permitted to project into any required yard a maximum of 1 metre provided that, in the case of porches, steps, or patios, such uses are not more than 2 metres above grade.

**5.1.1 Additional Residential Unit**

One Additional Residential Unit in a detached building shall be considered an Accessory Building as defined in this by-law provided maximum building height of the Additional Residential Unit shall be one storey, unless said Unit is located above the main floor of a detached garage where all floor area of the Additional Residential Unit shall be confined to the said second storey.

**5.2 Dwelling Units Below Grade**

**(b) Basement**

A dwelling unit, in its entirety, may be located in a basement, provided the unit meets the requirements for habitable space under the Building Code.

**5.3 Height Restriction**

Unless specifically permitted in zone regulations the maximum height shall be eleven (11) metres for all uses. Notwithstanding the height provisions contained herein, nothing in this By-law shall apply to prevent the erection, alteration or use of the following accessory buildings or structures, provided the main use is a permitted use within the Zone in which

it is located:

- A church spire
- A belfry
- A flag pole
- A clock tower
- A chimney
- A water tank

- A non-commercial radio
- A television tower or antenna
- An air conditioner duct
- A grain elevator or feed mill
- A barn
- A silo

A windmill

A satellite dish

## **5.4 Lot Development Requirements**

### **(a) Requirement of Lot**

No building or structure shall be erected, altered, extended, or enlarged, except upon a lot, nor shall any land be used for a permitted use unless it comprises a lot; but this provision shall not prevent the use of any parcel or tract of land for agricultural purposes, excluding the erection or enlargement of any building or structure other than a fence.

### **(b) Frontage on an Improved Public Street**

No person shall erect any building or structure, or use any lot in a Zone, unless the lot upon which such building or structure is to be erected, fronts upon and has direct access to an improved public street. The above provision shall not apply to restrict the erection of any building on a lot in a registered plan of subdivision where a subdivision agreement has been entered into but the street will not be assumed until the end of the maintenance period.

### **(c) More than One Use or One Zone on a Lot**

When a lot contains more than one use, each use shall conform to the provisions of this By-law for such use in the Zone where it is located. When a lot is divided into more than one zone, each portion of the lot shall be used in accordance with the provisions of this By-law for the applicable Zones.

### **(d) Restrictions on Changes**

- (i) The purpose for which any land or building is used shall not be changed, no new building or addition to any existing building shall be erected and no land shall be severed from a lot, if such change, erection, or severance creates a situation that contravenes any of the provisions of this By-law applicable to each individual remaining building, accessory building, or lot.
- (ii) Notwithstanding the provisions of Clause i) of this Subsection, no person shall be deemed to have contravened any provisions of this By-law, if only part or parts of any lot or parcel has or have been conveyed to or acquired by the Municipality, the County of Grey, Her Majesty in the Right of Ontario or Her Majesty in the Right of Canada.

**(e) Treatment of the Area of a Lot Zoned Environmental Protection (EP)**

Where any lot is zoned in part in a Environmental Protection Zone (EP), no person shall erect any buildings or structures within the area zoned Environmental Protection, except as otherwise permitted in the Environmental Protection Zone. However, land zoned Environmental Protection (EP) may be included in the calculation of lot area and frontage, required yard, and lot coverage as is required for the development occurring on that portion of a lot not zoned Environmental Protection.

**5.5 Lots Having Lesser Area and/or Frontage**

Notwithstanding anything contained in this By-law, a parcel which lacks either the required frontage or area or both the required frontage and area for a lot, is and shall be deemed to be a lot, provided that:

- (a) The description of such a parcel is the same as in a deed registered on or prior to the date of passing of this By-law;
- (b) Such parcel could have been conveyed legally on the date of the passing of this By-law by way of deed, transfer, mortgage, charge, or agreement of sale and purchase without consent, under Section 50 of The Planning Act, R.S.O. 1990 as amended;
- (c) Such parcel has a frontage of 10 metres minimum on an improved public street;
- (d) All other provisions of this By-law are complied with; and
- (e) All relevant regulations made under the Public Health Act and all relevant requirements of the Ontario Building Code are complied with.

**5.6 Movement of Buildings**

No buildings shall be moved without a permit from the Chief Building Official.

In addition to the minimum off-street parking requirements for the use noted, if a liquor licensed premise is contained within a portion thereof, then additional parking spaces shall be provided in accordance with the minimum off-street parking requirements for liquor licensed premises.

**(b) Parking Space Dimension**

For the purpose of this Subsection, a parking space shall have a minimum length of 5.75 metres and minimum width of 2.75 metres measured at right angles to the length.

**(c) Uses Not Specified**

In the case of a use not specifically mentioned in Clause a) of this Subsection, the requirements for off-street parking shall be based on the requirement for the most comparable use specified therein.

**(d) Mixed Occupancies**

In the case of two or more uses in the same building or on the same lot, the total requirements for off-street parking shall be the sum of the requirements for the several uses computed separately. Parking facilities for one use shall not be considered as providing required parking for any other use.

**(e) Location on Other Lots**

Where the owner of a building or structure proposed to provide the required parking spaces and areas in a location other than the same lot as the use that requires such spaces and areas, then such shall be located not more than 150 metres (492.2 feet) from the said lot and shall be located within the same Zone as the said lot.

**(f) Use of Parking Areas**

Where a parking area or parking space is permitted required by the By-law in any Zone, no person shall use such parking area or parking space for parking any motor vehicle unless such motor vehicle bears a motor vehicle licence plate or sticker which is currently valid.

**(g) Change in Use**

Whenever a use is changed or enlarged in floor area, number of employees, number of dwelling units, seating capacity, or otherwise as would require an additional number of parking spaces, then such additional parking shall be provided on the same basis as Subsection 5.8, Clause (a).

**(h) Restrictions in Residential Zones (R1, R2, R3, R4 and R5)**

No person shall use any parking area or parking space in a Residential Zone, except in accordance with the following:

- (i) Not more than one vehicle per dwelling unit shall be a commercial motor vehicle as defined in the Highway Traffic Act, R.S.O. 1990;
- (ii) The licensed capacity of any such commercial motor vehicle shall not exceed 2,400 kilograms (5,291.1 pounds);
- (iii) Notwithstanding the foregoing, the owner or occupant or any lot, building, or structure in any Residential R1, R2, R3, R4 or R5 Zone may use any private garage of which he is the owner or occupant, erected upon any such lot for the housing or storage of one commercial motor vehicle exceeding 2,400 kilograms (5,291.1 pounds) capacity operated by himself.

**(i) Access**

- (i) Access to the required parking spaces and parking areas shall be provided by means of unobstructed driveways or passageways at least 3 metres, but not more than 9 metres in width;
- (ii) The aisles between parking spaces within a parking area shall have a minimum width of 6 metres;
- (iii) The maximum width of any combined ingress and egress driveway, measured along the street line, shall be 9 metres;
- (iv) The minimum distance between 2 separate driveways on one lot, measured along the street line shall be 9 metres;
- (v) The minimum distance between a driveway and an intersection of street lines, measured along the street line intersected by such driveway, shall be 9 metres for all Residential uses in the R1 and R2 Zones and shall be 15 metres for all other uses in any zone.
- (vi) The minimum angle of intersection between a driveway and a street line shall be 60 degrees
- (vii) Every lot shall be limited to the following number of driveways:
  - (a) two driveways, with a combined width not exceeding 30% of the lot frontage, for the first 30 metres of the lot frontage or portion thereof; and;
  - (b) one additional driveway for each additional 30 metres of lot frontage.
- (viii) No driveway shall be established closer than 1 metre to a side lot line, provided this shall not apply to prevent the establishment of abutting driveways along a common lot line if their combined width does not exceed 9 metres.

**5.8 Existing Buildings**

The parking area requirement referred to in this By-law shall not apply to any building lawfully in existence at the date of passing of this By-law so long as:

- (a) the building is used for a permitted use;
- (b) the floor area as it existed at such date is not increased;
- (c) any change of occupancy is to a use having the same or a lesser parking requirement according to this By-law; and

- (d) all parking spaces existing at the date of passing of the By-law are retained.

## **5.9 Additions to an Existing Building**

If an addition is made to a building or structure lawfully existing at the date of passing of this By-law, then parking spaces in addition to those already existing shall be provided to the number required for the entire use or change of use. This Section shall not apply to require, the establishment of parking spaces and areas for an addition to a detached single-family dwelling house.

## **5.10 Parking Spaces for the Handicapped**

Where the parking requirement for any of the following uses:

- retail commercial or office use
- public building or public park
- home for the aged
- nursing home
- hospital
- school
- public hall
- social and service club
- library
- hotel and motel
- funeral home
- restaurant
- apartment dwelling
- assembly hall
- clinic
- veterinarian clinic
- church

is in excess of 20 parking spaces, 1 space of the first 20 spaces required and 1 space out of each additional 100 spaces or portion thereof shall be provided near and accessible to the point of entrance to the building and clearly marked for the parking of vehicles used by disabled person or persons. Notwithstanding the above Hospitals shall be required to provide 1 space out of the first 20 spaces, 2 spaces up to 60 spaces and 3 spaces up to 100 spaces, and for every portion in excess of 100 spaces one additional disabled space. Parking spaces for the disabled shall have a minimum width of 4.4 metres (14.4 feet) and a minimum length of 6 metres (19.6 feet).

### **5.11 Derelict Vehicles**

Derelict motor vehicles, which are unlicensed and/or in disrepair making their normal use impossible or their repair financially impractical, shall not be parked or stored in any Residential Zone other than on the premises where the storage of such vehicles is accessory to a business lawfully conducted on the premises.

### **5.12 Storage or Parking of Travel Trailers, Snowmobiles, Boats and Trailers within a Residential Zone**

No person shall within any Residential R1, R2, R3, R4 & R5 Zone use any lot for the parking or storage of any travel trailer, snowmobile, motor home, boat or trailer, except in accordance with the following:

The owner or occupant of any lot, building or structure in any Residential Zone may store or park not more than one, in total, of the following:

- (a) a personal travel trailer or motor home;
- (b) a snowmobile or boat with accessory trailer;
- (c) provided the length of such travel trailer, snowmobile or boat and its accessory trailer does not exceed 9 metres in length

### **5.13 Occupancy**

No person shall, in any Zone, use any travel trailer, motor home or truck camper for the purpose of primary residential, permanent living, or eating accommodation, except for temporary living or eating accommodation in a Recreational Commercial Zone.

### **5.14 Loading Space Requirements**

- (a) The owner or occupant of any lot, building or structure in a Commercial or Industrial Zone, erected or used for any purpose involving the receiving, shipping, loading, or unloading of persons, animals, goods, wares, merchandise, or raw materials, shall provide and maintain at the premises, on the lot occupied by the building or structure and not forming part of a street or land, within the Zone in which such use is located, loading and unloading spaces 9 metres long, 4 metres wide, and having a vertical clearance of at least 5 metres and in accordance with the following:

<b>Gross Floor Area of Building or Structures</b>	<b>Minimum Number of Spaces Required</b>
0 to 500 square metres	1
500 to 2,500 square metres	2
2,500 to 8,500 square metres	3
8,500 square metres	3*

\* plus 1 additional space for each additional 9,000 square metres or fraction thereof in excess of 8,500 square metres provided, however, that in addition to the above number of loading spaces, adequate space shall be provided for the parking of vehicles awaiting access to loading spaces.

**(b) Additions to Buildings**

If an addition is made to an existing building or structure which increases the floor area then loading space requirements for such a building or structure shall be provided in accordance with paragraph a) on the basis of the total floor area of the whole buildings or structure after expansion.

**5.15 Planting Strip**

**(a) Location**

Where a commercial, institutional, or industrial use is established opposite a Residential Zone or abuts a side or rear lot line in a Residential Zone, then a planting strip and/or fence adjoining such abutting lot line, or portion thereof, shall be provided on the commercial, industrial, or institutional lot, in the case of a planting strip with a minimum width of 3 metres. Conversely, when a residential use is established adjacent to a commercial, industrial, or institutional use, as described above, a similar planting strip shall be provided on the residential lot.

**5.16 Setback Requirement**

**(a) Building in a Built-up Area**

Notwithstanding the yard and setback provisions of this By-law to the contrary, where a permitted building or structure is to be erected on a lot in a built-up area where there is an established building line extending 90 metres or less on both sides of the lot, such permitted building or structure may be erected closer to the Front Lot Line than

required by this By-law, provided such permitted building or structure is not closer to the Front Lot Line than the established building line on the date of passing of this By-law.

**(b) Through Lots**

Where a lot which is not a corner lot has frontage on more than one street, the setback requirements contained herein shall apply on each street in accordance with the provisions of the Zone or Zones in which such lot is located.

**(c) Yard and Open Space Provision for All Zones**

No part of a yard or other open space required about any building for the purpose of complying with the provisions of this By-law shall be included as part of a yard or other open space similarly required for another building on the same lot.

**(d) Setback and Side Yard Setback on Major Roads**

Notwithstanding any other provisions of this By-law where a building or structure is located adjacent to a Provincial Highway or a County Road, setbacks shall be provided and maintained in accordance with the Ministry of Transportation and the County of Grey, safety and geometric requirements and as a minimum setback shall be provided and maintained in accordance with the following provisions:

<u>Road</u>	<u>Distances in Metres from Centre Line of Road</u>
-------------	---

Provincial Highway No.'s 6, 10 & 89	32 metres
--	-----------

Grey County Road No.'s 8, 9, 14, 23, 34, 106 & 109	23 metres
---	-----------

Except lands zoned within Schedules 1, 11, 13, 20, 21, 22, 23, 25, 26, 27, 28, 32, 44 and 48.

**(e) Setbacks for Watercourses**

Notwithstanding any yard provision of this By-law to the contrary, no permanent building or structure in any zone shall be:

- (i) closer than 15 metres from the edge of an open municipal drain,  
or

- (ii) closer than 8 metres to the top of the bank of any watercourse or open drain or within an Environmental Protection Zone, whichever is greater.
- (iii) No development shall be permitted within 30 metres of the banks of a cold water stream or 15 metres of a warm water stream as defined by the County of Grey Official Plan.

### **5.17 Sight Triangles**

Within any area defined as a sight triangle, the following uses shall be prohibited:

- (a) a building, structure, or use which would obstruct the vision of drivers of motor vehicles;
- (b) a fence, tree, hedge, bush, or other vegetation, the top of which exceeds 1 metre in height above the elevation of the street line;
- (c) a finished grade which exceeds the elevation of the street line more than 1 metre.

by

### **5.18 Swimming Pools**

Notwithstanding any other provisions of this By-law to the contrary, a swimming pool and any building or structure, other than a dwelling required for changing clothing or for pumping or filtering facilities or other similar accessory use, shall be permitted as an accessory use to any permitted residential or agricultural use, except where such residential or agricultural use is situated within an Environmental Protection Zone.

- (a) In the side yard of any lot if:
  - (i) no part of such pool, associated deck and/or fence, or accessory building or structure is located closer to any lot line or street line than the minimum distance required for the principal building located on such lot, and
  - (ii) the maximum height of such pool or associated deck and/or fence is 1.5 metres above the average finished grade level of the ground adjoining and within 4.5 metres of such pool or associated deck and/or fence.
- (b) In the rear yard of any lot, if no part of such pool, associated deck, and/or fence or accessory building or structure is located closer to any lot line or street line than the minimum distance required for an accessory building located on such lot.

- (c) In addition to the provisions of Clause a) and b) above, every swimming pool shall be enclosed by:
  - (i) a deck and fence directly attached to such pool and being not less than 1.2 metres above the finished grade measured from the base of said deck and fence,
  - OR
  - (ii) a fence of at least 1.5 metres in height and located at a distance of not less than 1.5 metres and no more than 10 metres from the pool.

### **5.19 Uses Permitted in All Zones**

Notwithstanding any other provisions of this By-law to the contrary, the following uses shall be permitted in any Zone established herein:

- (a) The use of any land as a public street.
- (b) A temporary construction or work camp, tool shed, scaffold, or other building or structure incidental to and necessary for the construction work on the premises, but only for so long as such use, building, or structure is necessary for such construction work which has not been finished or abandoned.
- (c) Except as provided in Section 5.3 hereof, any building, structure, use, service, or utility of any department of the Corporation of the Township of Southgate, the Corporation of the County of Grey, or the Federal or Provincial Government, Ontario Hydro, or any telephone, telegraph, or gas company shall be permitted in any zone provided that such use, building or structure shall comply with the regulations with regard to the height, yard, and lot coverage prescribed for the Zone in which it is located; and any buildings erected or used shall be designed and used in a manner compatible with the area in which it is located. Notwithstanding the generality of the foregoing, the requirement of this Section to comply with the regulations with regard to height, yard, and lot coverage, shall not apply to any undertaking of Ontario Hydro which satisfies the provisions of the Environmental Assessment Act, R.S.O. 1990.

However, any building or structure less than 10 square metres shall be required to have minimum side and rear yards of 0.3 metres and a minimum setback of 15.5 metres.

## **5.20 Non-conforming Buildings, Structures, and Uses**

**(a)** The provisions of this By-law shall not apply to prevent the use of any lot, building, or structure for any purpose prohibited by the By-law if such lot, building, or structure was lawfully used for such purposes on the date of the passing of this By-law, so long as it continues to be used for that purpose.

### **(b) Permitted Exterior Extension**

(i) No building or structure, which at the date of passing of this By-law was used for a purpose not permitted within the Zone in which it is located, shall be enlarged or extended unless such building is thereafter to be used for a purpose permitted within such Zone and complies with all requirements of this By-law or the granting of a minor variance to this By-law.

(ii) Nothing in this By-law shall prevent the enlargement or extension of a building or structure which, at the date of the passing of this By-law was used for a purpose specifically permitted within the Zone in which such building or structure is located, but which does not comply with one or more of the Zone provisions provided such enlargement or extension does not further contravene any of the provisions of this By-law.

### **(c) Permitted Interior Alterations**

Nothing in this By-law shall prevent the reconstruction or alteration of the interior of any building or structure which, at the date of passing of this By-law was used for a purpose not permitted in the Zone in which it is located, in order to render such interior more convenient or commodious for the same purpose for which, at the passing of this By-law, such building or structure was used.

### **(d) Restoration to a Safe Condition**

Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any building or structure or part thereof lawfully used at the date of passing of this By-law, whether or not the use of such building or structure at the date of passing of this By-law is permitted within the Zone in which such building or structure is located, provided that the strengthening or restoration does not increase the building height, size, or volume, or change the use of such building or structure or part thereof, except where an increase in height, size, or volume, or change of use would comply with the provisions of the Zone in which the building or structure is located.

**(e) Reconstruction of Damaged Buildings or Structures**

Nothing in this By-law shall prevent the reconstruction of any building or structure that is damaged by causes beyond the control of the owner, subsequent to the date of the passing of this By-law, provided the reconstruction of such building or structure does not increase the height, size, or volume of the building or structure, change the use of the building or structure, or reduce or eliminate any parking spaces, loading spaces, or landscaped open space area which existed prior to said damage, except where such increase in height, size, or volume, change of use or decrease in parking space, loading spaces, or landscaped open space areas complies with the provisions of the Zone in which such building or structure is located.

**(f) Building Permit Issued**

Nothing in this By-law shall apply to prevent the erection or use, for a purpose prohibited by this By-law of any building or structure, the plans for which have, prior to the date of passing of this By-law, been approved by the chief building official, so long as the building or structure when erected is used and continues to be used for the purpose for which it was approved and provided the erection of such building or structure is commenced within one (1) year after the date of the passing of this By-law and such building or structure is complete with six (6) months after the erection thereof is commenced.

**(g) Change in Use**

No change in the use of any land, building or structure shall be permitted, unless such change in use complies with the permitted uses within the zone in which such land, building, or structure is located or unless such change has been approved either through an amendment to this By-law or through Authorization under Section 45(3) of The Planning Act, R.S.O. 1990 as amended.

**5.21 Discontinued Non-Conforming Use**

Where a use, building or structure which was lawfully established prior to the day of the passing of this By-law has been used for a purpose not permitted in the use zone in which it is situated but the said use has been discontinued for a period of six (6) months or longer, the said building or structure may only be used again for a use that conforms to this By-law.

**5.22 Livestock on Residential Lots**

- (a) Notwithstanding any provisions of the By-law to the contrary, the following provisions shall apply to any lot within the Residential R6

Zone on any lot that has a minimum lot area of 1 hectare and a minimum lot frontage of 60 metres (196.6 feet):

- (i) The maximum number of permitted livestock shall be a total of two (2) nutrient units;
- (ii) For the purpose of this section, only twenty (20) fowl shall be considered one (1) nutrient unit, as well one (1) sheep shall be one (1) nutrient unit;
- (iii) The following shall be the only type of livestock permitted:

Horses
