# TOWNSHIP OF SOUTHGATE Policy # 53 Electronic Sign Messaging Policy

**Approved by Council on:** December 18, 2013

# The Township of Southgate Electronic Sign Messaging Policy

### **Purpose**

This policy is intended to provide Southgate staff with clear direction on the type of messaging that is permitted and displayed on electronic community outdoor messaging signs and video screens in public facilities.

### **Scope**

This policy applies to all outdoor electronic signs and video display screens in Southgate owned and/or operated facilities.

#### **Background of the Community Sign Project:**

The electronic sign project received considerable financial support from community groups and businesses.

The goal of the electronic sign messaging project is to promote the community, advertise local events, provide education/messaging on issues & activities of public interest and recognize donors. It was also a goal of the project to create timely, repetitive messaging that will create greater awareness in the community and to promote events that will attract visitors and commerce to Southgate.

#### **Message Board Changes:**

The electronic message boards and video screen messaging will be changed Tuesday of every week. Staff will automatically remove old dated messages and add new requests that fit the criteria of this policy.

#### **Messaging Requests**

New message information will be received until 8 am each Tuesday morning by:

- Email info@southgate.ca;
- Fax 519-923-9262; or
- Hardcopy completion of the form attached to this policy titled as Schedule A.

The attached form should be completed in its entirety as a hardcopy or electronic form in order to qualify as a received message by the Township of Southgate. Please provide your information well in advance of the message deadline. Should we have questions to clarify your information and we are unable to contact you, your messages may not be approved for that week.

New messaging changes will be displayed by Tuesday at 4:00 pm each week. When statutory holidays affect a Tuesday deadline of receiving and changing messages, that day will move forward to the next available business day.
