Thank you for your circulation.

Enbridge Gas does not object to the proposed application(s) however, we reserve the right to amend or remove development conditions. This response does not signify an approval for the site/development.

It is the responsibility of the applicant to verify the existing gas servicing does not encroach on more than one property when subdividing or severing an existing land parcel. Any service relocation required due to a severance would be at the cost of the property owner. For any encroachments, please contact ONTLands@enbridge.com.

Please continue to forward all municipal circulations and clearance letter requests electronically to MunicipalPlanning@Enbridge.com.
