Township of Southgate
185667 Grey Road 9
RR 1
Dundalk, Ontario
N0C 1B0

ATTENTION: Shavindra Fernando, Planning Assistant

Dear Shavindra Fernando,

RE: Consent B5-25 (McRobb)
7204 Highway 89
Part Lot 4 Concession 4, Parts 1 and 2 Plan 16R9377
Roll No. 420706000507310
Geographic Township of Egremont
Township of Southgate

The above-noted application has been received by the Saugeen Valley Conservation Authority (SVCA) in accordance with the Mandatory Programs and Services Regulation (Ontario Regulation 686/21) made under the *Conservation Authorities Act* (CA Act). SVCA staff have reviewed the proposal for consistency with SVCA's environmental planning and regulation policies made in conformance with the Provincial Planning Statement, CA Act, O. Regulation 41/24, and associated provincial guidelines.

Purpose

The purpose of the application consent file B5-25 is to sever the subject lands to create a ± 3.6 -hectare lot containing an existing dwelling and garage and convey the ± 14.6 hectare retained lot to the abutting owner to the east. The proposed severed lot has ± 111 metres frontage on Highway 89 while the retained lot to be conveyed to the abutting owner has ± 296 metres frontage on Highway 89. The subject lands back onto the South Saugeen River.

Recommendation

The proposed application is acceptable to SVCA staff.

Documents Reviewed by Staff

Staff have received and reviewed the following documents submitted with this application:

- 1) Application;
- 2) Site Plan; and
- 3) Notice.

Site Characteristics

Current SVCA mapping shows the northern portion of the property within the SVCA's Screening Area. The natural hazard features affecting the property include the South Saugeen River and its floodplain, and the organic soils related to any wetlands/swamp lands on the property.

Areas of the property are mapped as Hazard Lands in the Grey County OP and Township of Southgate OP, and zoned EP in the Township of Southgate Zoning By-law, which appears appropriate to represent the natural hazard features and areas. Based on the plan submitted with the application, the existing dwelling on the lands to be severed is beyond/outside the EP zone.

Provincial Planning Statement (PPS, 2024)

In accordance with s. 7 of O. Regulation 686/21, SVCA shall act on behalf of the Province or as a public body under the *Planning Act* (PA) to ensure municipal decisions made under the PA are consistent with the natural hazards policies of the PPS, Chapter 5.

Sections 5.1 and 5.2 of the PPS, 2024 states in part that development shall be directed away from areas of natural or human-made hazards where there is an unacceptable risk and not create new or aggravate existing hazards.

Based on the site plan submitted with the application, it is the opinion of the SVCA that the proposal is consistent with sections 5.1 and 5.2 of the PPS, 2024.

Conservation Authorities Act and O. Regulation 41/24

Within SVCA's regulated areas and in accordance with the CA Act and O. Regulation 41/24, a permit from the SVCA is required to change or interfere with watercourses or wetlands and for development activities in or adjacent to hazardous lands, wetlands, river or stream valleys, Great Lakes and inland lake shorelines. When reviewing an application, SVCA staff must assess the proposal for impacts to the control of flooding, erosion, dynamic beaches, or unstable soil or bedrock, and ensure the activity will not create conditions or circumstances that, in the event of a natural hazard, might jeopardize the health or safety of persons or result in the damage or destruction of property. Provided staff are satisfied the proposal is consistent with SVCA's policies, designed to mitigate these risks, a permit can be issued.

To determine the SVCA Approximate Regulated Area on the property, please refer to the SVCA's online mapping, available via SVCA's website

(<https://camaps.maps.arcgis.com/apps/webappviewer/index.html?id=f0ec744c8d6d4e499895aaaab3d83761>.) Should you require assistance, please contact our office directly.

SVCA Permit

Based on the site plan submitted with the application, an SVCA permit is not required.

Drinking Water Source Protection

The subject property appears to SVCA staff to not be located within an area that is subject to the local Drinking Water Source Protection Plan.

Summary

SVCA staff have reviewed the proposal for consistency with SVCA's policies made in conformance with the Provincial Planning Statement, CA Act, O. Regulation 41/24, and associated provincial guidelines.

Given the above comments, it is the opinion of the SVCA staff that:

- 1) Consistency with the Natural Hazard policies of the PPS, Chapter 5 has been demonstrated.

Please inform this office of any decision made by the planning approval authority regarding the application. We respectfully request to receive a copy of the decisions and notice of any appeals filed.

Should you have any questions, or require this information in an accessible format, please contact the undersigned.

Sincerely,

Environmental Planning Technician
