The Purpose of the proposed rezoning is to permit expansion of an existing on farm diversified use (dry manufacturing – metal works) on the subject lands. The proposed addition would add office and lunchroom space increasing the total size of the on farm diversified use to about 685 square metres, including the shop, power room, and expanded office. Current zoning allows total floor area of 647 square metres.

The Effect of proposed rezoning would be to permit an expanded on farm diversified use (dry manufacturing – metal works) with a larger lunchroom and office. Indoor and outdoor storage associated with the on farm diversified use would not exceed 595 square metres currently allowed.
