**Re: File number C38-24**

The Historic Saugeen Métis (HSM) Lands, Waters and Consultation Department has reviewed the relevant documents and has no objection to the proposed Zoning By-law Amendment as presented, provided that the setback from the wetland is maintained and no tree removal is required. HSM encourages landowners to increase biodiversity on their properties whenever possible through the planting of additional native species in pollinator gardens, hedgerows, and other forms.

Thank you for the opportunity to review this matter.

Best,

Neala
