## County comments for A1-26 Southpoint MFG Ltd.

Hello Southgate,

Please note that Grey County is taking steps to streamline development review by limiting planning policy comments on some development applications. Unless otherwise requested by municipal staff, County planning comments will be limited for the following applications:

- All minor variance and site plan applications; and
- zoning by-law amendments and consents within settlement areas.

County planning staff may continue to provide comments where the above applications are connected to a County application.

Grey County Ecology staff will continue to review all applications with regards to natural heritage matters. Other County departments will continue to be circulated through our 'one-window' approach and will provide comments as needed.

Given the above, a formal planning policy review of the subject application has not been undertaken. Please be advised that all planning decisions shall conform with the County's Official Plan. County planning staff can assist with specific questions in this respect.

Grey County Planning Ecology staff have reviewed the application and have no concerns.

County Planning staff would note that the gross floor area for any structures associated with the on-farm diversified use would be limited to 1,600 square metres. The proposed indoor storage and existing shop would have a total gross floor area of 973 square metres; therefore, County Planning staff have no concerns in this regard.

County staff have no further comments at this time. Please let us know if you have any questions.

Best regards,  
Derek McMurdie
